

The Nanny Diaries: Michelle

Each newsletter will feature one of our nannies on the job

How did you get into Nannying?

Help pay the rent while I was studying at uni. I just loved it, and Nanny full time now.

What's the best thing about being a nanny?

Getting to be a kid yourself! What other job has you playing with trains, building huts, dressing barbies and singing crazy songs all day!

What's the most challenging thing?

Trying not to smile when one of the munchkins has done something naughty... but oh so cute!

Best advice to some considering being a Nanny?

Go for it! If you're lucky enough to get the right family for you, it's an awesome job.

Any tips to Mums considering getting a Nanny?

Get Suzie to find you one! You'll only meet Nannies that are suited to your family and needs. Choose a nanny that you can relate to and have a good chat with. You need to be able to communicate easily.

What do you do when you're not Nannying?

Spend time with my boys – my gorgeous new husband, and our adorable puppy!
